EATING DISORDER THERAPY LA

Clinical Postdoctoral Fellowship in Eating Disorders
2027–2028 Training Year

Eating Disorder Therapy LA (EDTLA) is accepting applications for our eating disorder clinical postdoctoral fellowship. EDTLA is a group private practice specializing in evidence-based eating disorder treatment in the Mid-Wilshire area of Los Angeles. We are looking for candidates who are passionate about developing expertise in evidence-based therapy for eating disorders.

Most of our clients use insurance for our services. Our practice prioritizes increasing access to quality care for eating disorders for a diverse clientele in person in Los Angeles and virtually throughout California. Health at Every Size® and a social justice approach inform all of our clinical work. The postdoctoral fellowship is a year-long experience designed to meet the experience required for licensure in California. The practice owner, Dr. Lauren Muhlheim, is a leading expert in the field of eating disorders. For more information about the practice, please visit www.EatingDisorderTherapyLA.com.

Position Description

The position includes training in evidence-based treatments for eating disorders, including Enhanced Cognitive Behavioral Therapy (CBT-E), Family-Based Treatment (FBT), and Cognitive Behavioral Therapy for ARFID (CBT-AR). Fellows provide outpatient therapy for clients with a full range of eating disorders. Fellows receive two hours of supervision each week, attend our bi-weekly staff meetings and didactic training, and have opportunities for additional training.

Our practice includes psychologists, social workers, and licensed marriage and family therapists. We work closely with local dietitians, medical doctors, psychiatrists, and treatment centers.

Start Date, Pay, and Benefits

The full-time position starts in **August 2027**. The starting pay is $50 per clinical hour and $21 per admin hour. We expect postdoctoral fellows to carry a clinical caseload of approximately 22 to 25 hours per week, so we estimate the initial salary at approximately $65,000 per year. Once licensed, there is an opportunity for a staff-level position with a significant increase in pay. A 2-year commitment is preferred in order to gain competence in all three modalities: CBT-E, CBT-AR, and FBT. Medical benefits and vacation are provided for full-time postdocs.

Qualifications

- Completion of all doctoral degree requirements from an APA- or CPA-accredited program in Clinical or Counseling Psychology
- Interest and/or experience in the treatment of eating disorders
- Experience in evidence-based treatments, including CBT, DBT, and/or ERP
- Meet the credentialing requirements to register as a Psychological Associate in California

How to Apply

Please email the following to Lauren Muhlheim, Psy.D., at **LMuhlheim@EDTLA.com**:

- Letter of interest
- CV
- Three letters of reference (letter writers may send these separately)

> **Deadline: March 1, 2027.** Applications received after this date may be considered for part- and full-time psychological associate positions.
